

# Session 6.3 – Linking Research and Policy: Advancing Local Adaptation for Disaster Prevention

20 March 2013

3<sup>rd</sup> Asia Pacific Climate Change Adaptation Forum  
Incheon, Republic of Korea

# Key Questions

- What are the challenges in climate change adaptation for disaster prevention at the local level?
- What are the possible approaches to ensure sustained inputs of knowledge from the local level into policy making and development planning processes on a continuous basis?
- Are institutional mechanisms already in place for Linking Research and Policy? If so, are they working. If not, what is required.
- What is the role of institutions in disaster preparedness and prevention?

# Objectives and Expected Outcomes

- The Session is expected to-
  - contribute to the understanding of challenges in climate change adaptation for disaster prevention at the local level
  - identify approaches to sustain inputs of knowledge from the local level into policy making and development planning processes on a continuous basis.
