

# Panel VIII

## Way forward for dealing with loss and damage: Specific stakeholder messages

WATANABE Masataka: Chair, Keio University

YAN Wanglin, Keio University

CHARLES Rodgers, ADB

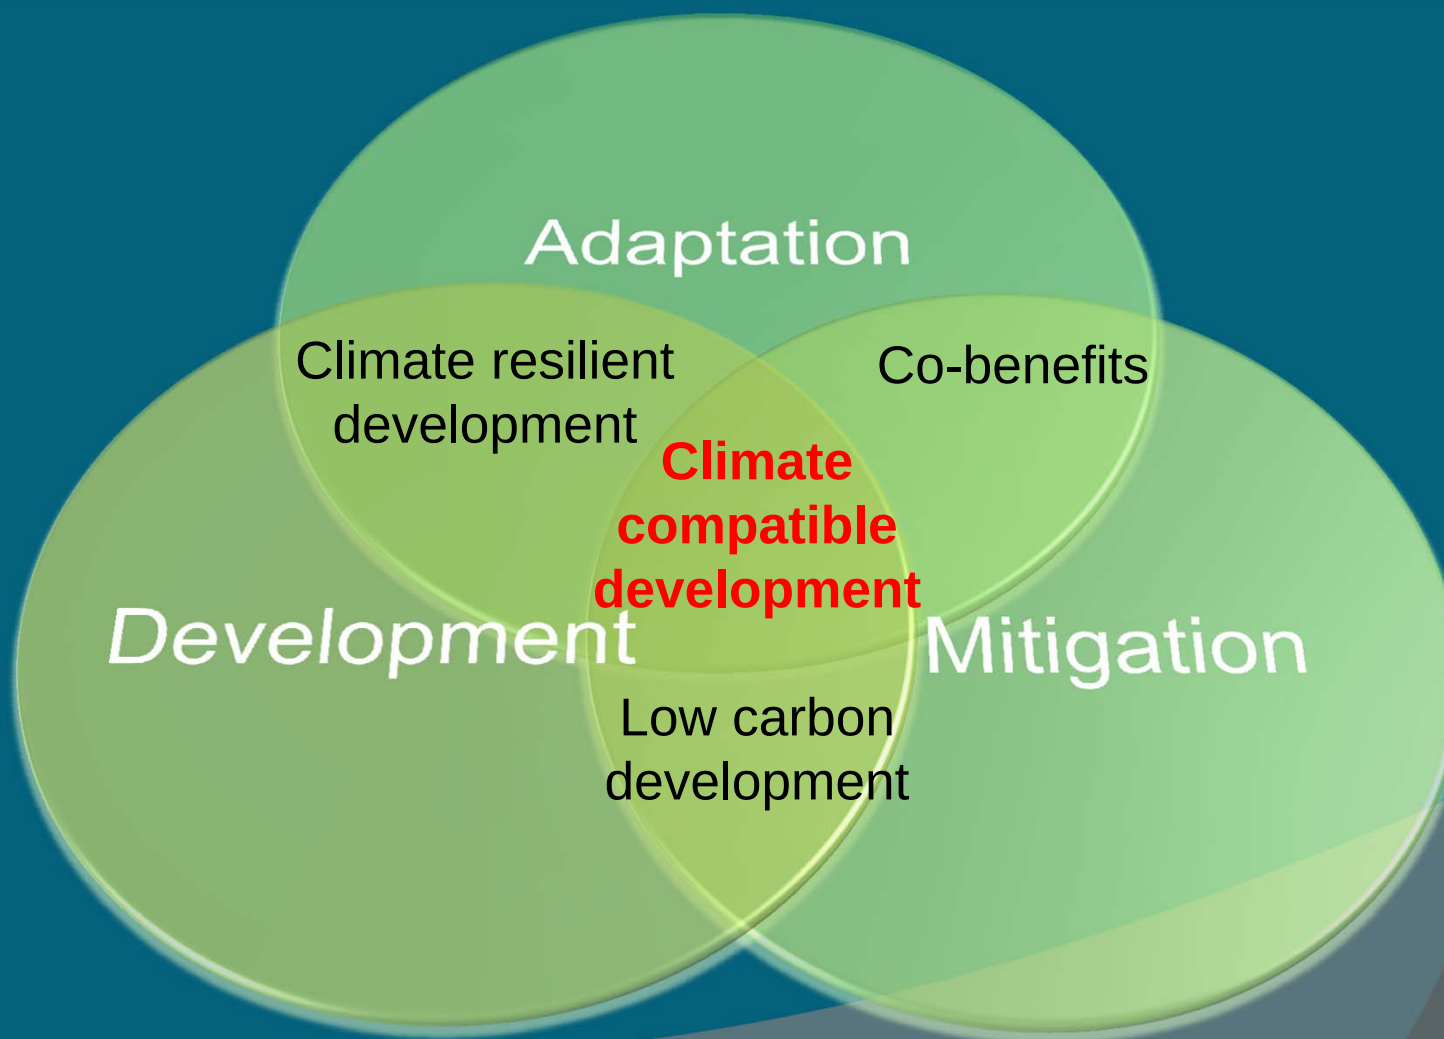

MONTHIP Sriratana , Royal Institute of Thailand

KUTAMI Michinori , Fujitsu Ltd.

ALI Tauqeer Sheikh, CDKN/LEAD

TAKEMOTO Akio, APN

# Climate compatible development

# Way forward 1 : Good case of adaptation practices

## Bangladesh experience in comprehensive adaptation practice

- Climate risk management by Dr.Subbiah
- Microfinance by Prof. Baqui Khalily
- Lessons from Bangladesh by Prof. Nishat
- Lesson from sea level rise by Dr.Ahsan Uddin Ahmed

Bangladesh experiences could be shared by many other countries through APAN.

APAN model I (Bangladesh)

## Way forward 2 : Expand good cases of adaptation practices

Extend APAN model 2,3,etc. in other regions , sub-regions and other sectors.

## Way forward 3 : Knowledge and data sharing

- Knowledge and data sharing is one of the most important factors for adaptation
- APAN knowledge network and collaboration with other networks, such as CDKN/LEAD and many other networks

## Way forward 4

- Propose the adaptation activities, research activities, networking activities and etc. to APN.

# Key questions for session VIII

- How various stakeholders can closely collaborate to address the issue of L/D?

- Major stakeholders and decision makers are overlapping in disaster related events.

- Korea's experience of data sharing by Dr. Myeong

- Data sharing through Data Highway by Dr. Sitanon

- Knowledge networks/information sharing by Mr. Ali Tauqeer Sheikh

What are the take-home messages from perspective of social resilience point of view?

- Lesson from Japan earthquake and tsunami by Yan

- How national policies can facilitate addressing the issue of L/D?

- Lesson from Korea case by Dr. Myeong

- Lesson from Thailand case by Dr. Monthip

# Key questions for session VIII

- How corporations can help address the issue of L/D?
  - Experience from Fujitsu by Dr.Kutami
- How bi- and multi-lateral donor agencies can contribute to addressing the issue of L/D?
  - Experience from ADB by Dr.Rogers
  - Experience from UNDP (Disaster inventories) by Mr.Sharma
  - Experience from APN by Linda and Dr. Takemoto
